Additional staff are requested to begin work on the re-procurement of the MMIS core claims processing system and Pharmacy claims processing system. This re-procurement will take several years and subject matter experts will be required to assist in the process. It is estimated that the MO HealthNet Division (MHD) will need approximately four FTE for this re-procurement: one Pharmacist, one Benefit Program Senior Specialist (BPSS), and two Program Specialists.

Section 11.610 – MO HealthNet Division – MHD Transformation

Book 7, Page 101

**Description:** This section provides funding to support the DSS MO HealthNet Division in Medicaid transformation efforts. Transformation of the program is need to focus on improving quality of care for Medicaid participants, advancing clinical outcomes, decreasing avoidable utilization of healthcare services, improving the program’s integrity and bending the cost curve on the program to support a sustainable healthcare delivery system. The investment of funding is necessary to support 1) improving the data, analytics, and actuarial capabilities of Missouri HealthNet (necessary to modernize and improve the program); 2) improving the integrity of the program by enhancing measures to combat fraud waste and abuse; and 3) changes of payment reimbursement methodology including value-based care and payments.

**Section 11.620 – MO HealthNet Divisions – Information Systems**

Book 7, Page 122

**Description:** This core request is for the continued funding of MO HealthNet’s Information Systems (IS) Core funding is used to pay for the Medicaid Management Information System (MMIS) contract. The MMIS contractor processes fee-for-service (FFS) claims and managed care encounter data and calculates provider and health plan payments. Managed care encounter data is processed through the system similar to FFS claims. The data is used by the Managed Care Unit for contract administration and rate setting purposes.

As the MHD continues to modernize the legacy MMIS and implement new modules, the legacy systems and contracts will come to an end. Certain data elements and files will need to be retained for years beyond the contract end date for the legacy solution. For example, call recordings for participant enrollment need to be retained for a number of years before they can be deleted due to participant appeal rights. The amount of data to be stored and the data retention periods are unknown at this point. These records would be housed and only be accessed as needed for appeals and other litigation needs.

This request is to move ASC to a fee schedule based on 90% of Medicare rates starting July 1, 2023, which will result in an overall rate increase for procedures provided at an ASC. These centers are paid from Physician Services in the MHD budget. Moving to 90% of Medicare fee schedule would reimburse these centers approximately 51% of the rate that Hospital out-patient services would be receiving for similar surgeries. Increasing reimbursement for ASC will allow additional Medicaid participants to receive necessary surgeries rather than in outpatient settings, and the fee schedule will ensure all ASC receive the same reimbursement across the state.

Section 11.725 – MO HealthNet Division – Medicare and Other Health Insurance Premiums

Book 7, Page 291

**Description:** This item funds premium payments for health insurance through the following MO HealthNet programs: (1) Medicare Buy-In program for individuals dually enrolled in MO HealthNet and Medicare; and (2) Health Insurance Premium Payment (HIPP) program for individuals enrolled in MO HealthNet and commercial or employer-sponsored health insurance. Payment of these premiums allows for MO HealthNet to transfer medical costs from the MO HealthNet program to Medicare and other payers.

The long term care industry is drastically understaffed. Most facilities rely on CNAs to provide day-to-day care to residents. An aide employed in a long term care facility must complete the CNA training program and be certified within 4 months of employment. Current capacity exists to expand the number of certified nurse aides, however, the demand for individuals to complete the training is lacking. The CNA training program currently consists of 75 hours of classroom training, 100 hours of on-the-job training, and successful completion of the CNA examination. Current reimbursement rates for the training is \$365, this NDI will bring the rates up to \$1,250 and pro-rated based on Medicaid occupancy for the facility.

Section 11.730 cont. – MO HealthNet Division – Home Health

Book 8, Page 331

**Description:** This section provides funding for services provided through the Home Health program for the fee-for-service MO HealthNet population. This program is designed to help MO HealthNet participants remain in their home instead of seeking institutional care through the provision of clinical (or “skilled”) medical services. Home Health Services are also available through the MO HealthNet Managed Care health plans.

Federal law requires that Medicaid hospice rates be adjusted when Medicare hospice rates are adjusted on an annual basis. The rate paid for any day may vary depending on the level of care provided. The rates affected include hospice services such as routine home care, continuous care, inpatient respite care, and general inpatient care. Payment rates are adjusted for regional differences in wages. The actual rate increase is 2.5%.

This funding is requested to compensate for the rate change in FMAP. Each year, the Centers for Medicare and Medicaid Services (CMS) revises the percentage of Medicaid costs the federal government will reimburse to each state. FMAP varies by state and is based on criteria such as per capita income. The new FMAP rate is released in October/November each year. The FY24 blended FMAP rate is 66.005% and the EFMAP blended rate is 76.205%.

Funds are needed for the MO MAPS Program to provide supplemental payments to Missouri’s essential Medicaid providers—the University of Missouri Health System (MU Health), University Health, and University Health Physicians. MO MAPS is a payment arrangement intended to supplement, not supplant, the base managed care rates negotiated between health plans and providers. MO MAPS payments will be made quarterly, plus a payment for the expansion population, for a total of five payments each fiscal year. The IGT portion of the payment is used to draw down the federal portion.

This funding is requested to compensate for the rate change in FMAP. Each year, the Centers for Medicare and Medicaid Services (CMS) revises the percentage of Medicaid costs the federal government will reimburse to each state. FMAP varies by state and is based on criteria such as per capita income. The new FMAP rate is released in October/November each year. The FY24 blended FMAP rate is 66.005% and the EFMAP blended rate is 76.205%.

This funding will focus on getting six rural hospitals in Missouri operational as a Rural Hospital Health Hub. Funding will be based on the size of the hospital and community they serve. This project will utilize a community information exchange platform to track referrals for social determinants of health and the closed-loop outcome. The platform will track the activity and behaviors of the hospital, participant, community organizations, and financials. These hubs will be for proactive treatment that reduces reactive treatment in-house at the hospitals.

This funding is requested to compensate for the rate change in FMAP. Each year, the Centers for Medicare and Medicaid Services (CMS) revises the percentage of Medicaid costs the federal government will reimburse to each state. FMAP varies by state and is based on criteria such as per capita income. The new FMAP rate is released in October/November each year. The FY24 blended FMAP rate is 66.005% and the EFMAP blended rate is 76.205%.

The DSS Federal Stimulus Fund (2292) receives its revenue from the American Recovery and Reinvestment Act of 2009. The federal revenue began being deposited into the fund as a result of the housing crisis in 2008 to fund human services benefit programs. The final program from this fund source will end and be completed in FY 24. Non-count authority is requested to transfer remaining funds from the Federal Stimulus - Social Services Fund to GR.
